Forword

Again it is Convention Time!

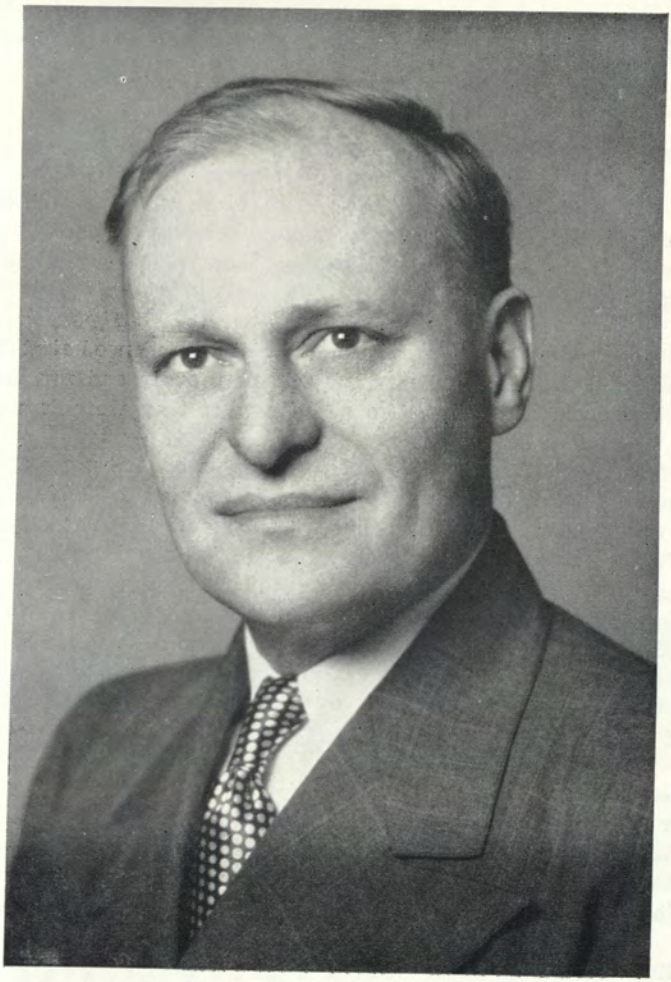
This is Milwaukee's first opportunity to entertain the A.N.A. for a national convention. We are proud to have you visit our city and hope you may have a taste of Milwaukee's hospitality and friendly atmosphere that will encourage you to return again and again in years to come.

We trust that this meeting like all A. N. A. conventions, will serve to increase your enthusiasm for our hobby and strengthen and broaden your friendships. With these ends in view we have prepared this booklet to furnish you with convention information and a program of activities. We hope you will keep it as a souvenir to remind you of your visit with us.

On behalf of the committee and the A.N.A. officers who have planned this convention, we extend our thanks to the advertisers who made this booklet possible.

L. W. CULVER, Editor

A. N. A. PRESIDENT



M. VERNON SHELDON

Chicago, Illinois

L. M. 49. General Secretary 1938-44, Board Member 1944-47,

First Vice-President 1947-49.

A Hearty Welcome To Milwaukee

To Members and Guests of the

American Numismatic Association:

The desire to be somewhere else seems to be one of the oldest and most deeply ingrained urges of we humans, and most of us like to attend conventions. Hence, we should all journey to Milwaukee and partake generously of their planned hospitality.

In 1938 the Milwaukee Numismatic Society commenced first to invite the A.N.A. to Convention in Milwaukee. They told us proudly and unabashed the attractions of Wisconsin and Milwaukee and for what they were famous.

Therefore, this August 25-29, let us all focus on and meet at the Schroeder Hotel in Milwaukee and be a guest to our eminent 1950 Numismatic Host. Bring with you, relative and friend, and your National A.NA. thoughts, for here we can exchange friendliness, anecdotes, and studied numismatics. In particular, you can inspect the A.N.A., hear reports, and offer into the business sessions that which will make this Association even greater.

All of us always seek new ideas and conspicuous quality in the exhibits. It is hoped that every member brings an interesting exhibit and be thereby the better fitted to enjoy others.

When thinking about this Milwaukee A.N.A. Convention, so diligently prepared for our enjoyment, it is first to accept the cordial invitation that urges you to attend; second, to attain a crowning joy through friendly reunions and the finding of new friends; and lastly, the pleasure found in taking a part to promote the A.N.A. in its design and efforts to popularize the Science of Numismatics.

With so cordial an invitation, it is my fervent wish that your visit to Wisconsin be a most happy event.

Most cordially your,

M. VERNON SHELDON, President

Welcome

Welcome to Milwaukee and Wisconsin!

The Milwaukee Numismatic Society is proud to be your host for this, the 59th Annual Convention of the American Numismatic Association. We truly believe your meeting here will be a memorable one, and we hope that you will enjoy it in retrospect for many years. We also trust that you will gain from your visit a better understanding of what we mean by "Milwaukee Gemuetlichkeit."

Your Milwaukee Committee has worked hard for months making plans and arrangements for this gathering, and we all sincerely hope that our efforts will meet with your approval and that our plans will furnish you with the kind of entertainment and the stimulating interest in numismatics that you look for in these conventions. As your hosts, the Milwaukee club members all stand ready to render you any help and advice that you may require to enable you to make the most of your stay in Milwaukee and Wisconsin.

We trust that, besides the entertainment offered in connection with the A.N.A. activities, you will find the opportunity to get acquainted with our city and enjoy some of our many recreational facilities.

Again, welcome to Milwaukee!

A Few Firsts In Milwaukee Today

The Milwaukee Public Museum displays a magnificent collection of more than 632,000 specimens of historical and scientific curios, including the largest collection of Indian artifacts in the world.

The Milwaukee Vocational School is the largest school of its kind in the United States.

Eighty athletic fields and playgrounds, internationally known for their play programs, and 51 social centers afford facilities for play and recreation.

Seventy-two parks and parkways covering 5,975 acres in Milwaukee County comprise a park system that is nationally famous. Almost all of the Lake frontage is bordered by wooded parks and numerous bathing beaches. Eighteen public and private golf courses and numerous country clubs offer facilities to the devotees of that sport. Tennis, riding, horeshoe, archery, baseball, skiing, skating and other winter sports are adequately served through public facilities. In addition there are 163 inland lakes within an hour's drive of the City, affording unusual facilities for fishing, swimming and boating.

Milwaukee harbor is considered the most beautiful on the Great Lakes and is often compared to the Bay of Naples. Milwaukee is the leading car-ferry port of the world and ranks high on the Great Lakes as a coal, grain and general cargo port.

Milwaukee leads the world in the manufacture of Diesel and gasoline engines, outboard motors, motorcycles, tractors, wheelbarrows and padlocks. Milwaukee is the biggest veal-packing center, the greatest barley market and the location of four of the seven largest breweries in America. Milwaukee leads the Nation in the production of hosiery, work shoes, leather gloves and mittens, tin and enamelware, saw and flour mill equipment.

It is my great pleasure to announce the publication about July 15th of my new book on one of the most popular series.

The United States Early Silver Dollars From 1794 to 1803

Large volume size — 9 x 12 inches. Finely bound de-luxe edition, lettering in gold, with interesting early history of Dollar Coinage. About 80 large pages of Text with much information. Helpful tables and lists giving distinguishing features. Quick and positive identification of all Varieties. Degree of rarity based on actual records kept over 40 years. Nine large pages of fine collotype plates illustrating 157 different obverses and reverses.

Limited edition price $10.00 per copy prepaid.

(Haseltine reprints without any plates cost that much today, and originals which are merely paper pamphlets cost up to $35.00) Available from any dealer. Liberal discounts to dealers. Please place your order early, as the edition is limited.

The importance of correctly attributing early dollars should not be taken lightly because:

A. I pay full 1950 catalogue price for any and all dates before 1804.

B. Many of the rare varieties are worth double catalogue prices, so that by being posted, you can quickly realize an extra profit that will more than pay the cost of your book.
